

The Season of Creation

1st September-4th October

Changing habits day by day

Some practical suggestions to help us be more proactive during this Season of Creation

Going for a walk with a friend. Its a great way to take in the beauty of creation on our doorsteps.

Suggestion:

To take a walk somewhere local in nature and capture an image to share on social media of God in creation

So much of our food is high in air miles. This has a knock-on effect on our world & climate. We have a huge wealth of local produce on our doorsteps.

Suggestion:

Share a meal using only locally sourced and seasonal foods this week with friends or family.

How we choose to bank impacts our common home. Using banks that are ethical help to support those most in need and shift the balance of power.

Question: Who do I trust with my money?

What reputation does my bank have?

Perhaps explore these questions to help you make some informed choices.

So much of what we use daily can be recycled. From food waste to plastic, cardboard to our mobile phones and even our printer ink cartridges.

Question: What are you already doing?

What could you add to your household routine to further lessen your environmental footprint?
